Lund University & University of Gothenburg

CARES PhD Cancer Research School 2022

Welcome to apply to CARES, an interactive, interdisciplinary research school covering state-of-the-art methodology and fostering skilled cancer research fellows. CARES is funded by the Swedish Cancer Society. The research school comprises on-line and live courses, retreats and an exchange program.

Applications will be reviewed by an admissions committee. Applicants should have at least two years remaining of their PhD studies.
